## BOOSTER CLUB

Dear Families and Friends of Scarsdale High School Athletics,

Raider Pride is in full force again this year, with Scarsdale student-athletes competing and thriving in the classroom and in competition. Raider Pride is about dedication to the team and winning and losing with grace. Raider Pride is doing one's best and supporting others. Raider Pride is always representing your school, team, and family with dignity and honor. Raider Pride is what we all aspire to—personal excellence and accountability to others.

Raider Pride has been a core philosophy of Maroon and White for the 55 years we have been supporting Scarsdale student-athletes. We applaud our student-athletes for recognizing their time and effort is about much more than wins and losses.

Maroon and White is grateful for the continuing support of Raider families throughout the year. The family ads in the Sports Journal are the financial backbone of Maroon and White. We ask that you support our business advertisers, which are an integral part of our community and Sports Journal's success. We appreciate all other forms of support, such as the purchase of Raider merchandise, the display of the "Go Maroon" lawn signs, and membership contributions.

Because of your collective efforts, we are able to make contributions each year in support of necessary, but unbudgeted, physical education and athletic items; we purchase giveaways to the student-athletes (such as practice tee shirts for member student-athletes and the "WE Are" tee shirts and hats last year); we give year-end scholarship awards to deserving student-athletes; and we host all student-athletes at end-of-season dinners without cost to them. Because of your generosity, we have contributed \$100,000 to the new SHS fitness center, pledged another \$200,000 toward the permanent LED lights and speaker system at Butler field, and are in the process of making more donations that should soon be visible to all, including a portable scorers box and a permanent canopy for the audio/visual area in the Butler Field grandstand. With your continued support and generosity, Maroon and White will continue to support similar programs for many years to come.

Special thanks to Ray Pappalardi, our Director of Physical Education, Health and Athletics, for his devotion to the physical and emotional well-being of our children; to Joe DeCrescenzo, our Assistant Athletic Director, whose countless hours and endless patience keeps the complex machinery of practices, games, and tournaments moving smoothly; and to Interim Schools Superintendent Andrew Patrick and SHS Principal Ken Bonamo for their thoughtful commitment to the value of sports and physical education in a liberal arts program.

Finally, thanks to all the coaches for their dedication to our children. Your role in the lives of our student-athletes cannot be overestimated, and we appreciate the care with which you accept this responsibility.

Go Raiders!

Dear Student-Athletes:

I am pleased to join your coaches, parents, and fellow students in acknowledging your athletic participation, accomplishments, and accolades.

Your participation in our athletics program speaks not only to your athletic prowess but also to your character development. On top of a full complement of academic and extracurricular activities, you have dedicated yourself to a sport (and perhaps more than one), which requires discipline and drive. You have learned what it takes to be a member of a team, to contribute individually as well as to sacrifice for the greater good. The physical demands have surely improved your skills required for the game and have hopefully set the stage for lifelong enjoyment as well as lifetime physical fitness, a gift of immeasurable value.

I would also like to thank our parent leaders in Maroon & White and their supporters who appear in this journal. We appreciate the work of your coaches. Finally, the work of our Athletic Director, Ray Pappalardi, and Assistant Athletic Director, Joe DeCrescenzo, provides the framework in which our athletic program can flourish and provide you with such important developmental and memorable experiences.

Congratulations to all on a job well done. Go Raiders!

Sincerely,

Kenneth Bonamo  
Principal

Ray Pappalardi  
Director of Physical Education, Health, & Athletics

Dear Raider Family,

I feel the need to express gratitude for a very successful fall season and for what I believe will be a very successful year for Scarsdale High School Athletics. For the second consecutive fall season, we have incredibly high levels of participation in our interscholastic athletic program. Amazingly, forty percent of our high school students (36% of boys and 44% of girls) are participating on our 26 teams this fall.

In addition, Maroon & White has continued their incredible support of our program. Over the past few years, they have campaigned to improve athletic facilities for the entire community. This year, M & W has already funded several purchases to improve the functionality of our fitness center and the appearance of our high school fields.

Our Administration and the Board of Education continue to support improvements to our facilities, staffing, and programs for our student-athletes and their families. Without their continued support, we would not be able to sponsor the number and variety of teams here at Scarsdale High School.

The high number of participants and programs this fall along with the support from the community has fostered high levels of success. It is clear to me that this success is a direct result of the collective efforts of this community. For this reason, I look forward to a wonderful year of sports, all of the benefits to our student-athletes that come with participation, and the sense of community that can be gained from being part of the experience.

Be loud and be proud to be a Raider!

Yours,

## Roosevelt's "The Man in the Arena"

"It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows great enthusiasms, the great devotions; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who neither know victory nor defeat."

[Westchester Barbarians Rugby](#)

We are a local rugby club for High School aged players, who don't have rugby available in their school sports program. Our aim is to continue the growth of the sport in the Westchester area, and play the game with Safety, Inclusion, and Fun as our core values. Rugby is one of the fastest growing sports in the USA, there are increasing opportunities to play at college level, and our experienced coaches look forward to introducing the sport to interested students in the area.
